Did You Know...

Welcome

Summer break was good, but do you know what's even better? Being back at school! I really hope you did enjoy these past couple of months of vacation, but there is something wonderful about being in school– the friends, the routine, the new subjects– that should stir excitement in each one of us. I certainly am excited!

This year we have the opportunity to pray for and support the **Nick Stalzig** family in Boston, Massachusetts. They are church planters in my hometown! We want to be a blessing to them in all ways possible, so we will take up several offerings throughout the year.
